

ZipLink Internet Service Installation Fee Guidelines

As of July 19, 2011

Self-Install	\$125.00 + tax	We deliver the wireless modem, window/wall mount kit, outdoor shielded cable and 7 feet of indoor cable to your location. We determine the best line of sight mounting location and you install the equipment. THIS OPTION NOT AVAILABLE TO ALL CUSTOMERS.
Standard Install	\$275.00 + tax	We will evaluate the best available position to mount wireless modem using the standard window/wall mount kit or eave mount, up to 100' of exterior mounted outdoor shielded cable & 7' indoor cable. One exterior wall penetration included. YOUR LOCATION MAY NOT PERMIT A STANDARD INSTALLATION.
Standard +Mast	\$450.00 + tax	Standard install plus up to 50' Telescoping ground mounted antenna mast secured to house eave. Some guy wire anchoring, tripod mount and/or additional cabling may be required at extra cost.
Standard + Guyed Mast	\$595.00 + tax	Standard install plus up to 50' Telescoping roof mounted antenna mast secured with guy wires. Tripod mount and/or additional cabling may be required at extra cost.
Service call	\$50 per hour + tax (one hour minimum charge)	Service call to align antenna/diagnose self install connection problems, etc.

CONDITIONS AT YOUR LOCATION MAY REQUIRE A VARIANCE FROM THE ABOVE . All installation fees will be billed separately to your pre-approved credit card. A poor or weak signal detracts from network operations. We reserve the right to refuse any installation or reject/terminate self-installs if we determine, in our sole disgression, that the signal is not acceptable. ALL EQUIPMENT REMAINS THE PROPERTY OF ZIPLINK AND MUST BE RETURNED IN USEABLE CONDITION UPON TERMINATION OF SERVICE.
